

# DENTAL IMPLANTS COSTA RICA, INNOVATION FOR YOUR WELL-BEING

Costa Rica offers quality health services in the hands of professionals who have studied in the most prestigious medical institutions in the United States and Europe. The most sought-after specialties by those who visit for medical tourism are dentistry, gynecology, preventive medicine, and plastic surgery, among others, not only for the exceptional quality, but also for its affordability.

## WHAT IS A DENTAL IMPLANT?

A dental implant is a metallic replacement of the root of one or several teeth. They are added, by minor surgery on the jaw to secure crowns, bridges, and dentures. They are the closest option to having healthy and natural teeth.

Restoration over dental implants

## TESTIMONIAL

*"Best dental work EVER! This place has state of the art equipment and the kindest staff I've ever encountered. Perfectionist is an understatement!"*

*Sherry Wharton, International Patient*
